## STAY@Home Overview

STAY@Home assists SAIL members who are living with a disability or aging in place to maintain their independence.

There are many persons in our community who are in need of trusted assistance around their home. STAY@Home is designed to connect SAIL members with needs to service providers who can help them.

STAY@Home connects participants who need assistance with simple home chores or lawn care tasks with “a helping hand” providers.

Providers earn \$12/hour for provided services. If you would like to be a “helping hand” provider please apply using the application in this brochure or online at SAILHelps.org.

A helping hand to enable you to stay in your home.

### How STAY@Home Works:

**Participants** apply to SAIL for in home and/or out of home services from “a helping hand” providers.

STAY@Home provides an assessment of the participant’s needs.

**Providers** apply to SAIL to be “a helping hand” for participants. All providers must submit to a background check.

**Participants** contact Stay@Home when they need services and they are informed of potential providers.

**Participants** contact a provider, the provider performs the services and the participant pays the provider.

Participants or providers can contact STAY@Home to discuss questions or concerns about the services provided.

### STAY@Home Requirements:

Participants and providers will all be SAIL members.

Participants must be 60 years or older, OR have a documented disability.

STAY@Home reserves the right to discontinue our relationship with participants or providers who do not meet the standards of conduct expected from SAIL members.

## STAY@Home Application

Fill in the information below, tear off this panel and mail it to SAIL. You can also apply online at SAILHelps.org.

Name \_\_\_\_\_

Address \_\_\_\_\_
